This Rose healing ray is so beautiful to use in healings, once you are attuned you can simply call it in. It is especially good for self love and inner beauty, and when self esteem and rose radiance is needed, and womb radiance and blessings are required – basically for everything feminine with Her sweet beautiful rose essence and when the Divine Feminine ray is needed in the purest of forms.

ROSE REIKI ATTUNEMENT

Access the Rose Ray *for life*

After your attunement into this ray, you will be able to use it for yourself and others, as a Rose Reiki Practitioner, and to anchor in the Divine Feminine Ray as a clear channel for the healing of the planet and to align into ascension. Once you are attuned, you have access to it for life.

This Reiki is especially useful when you need a boost of self love, self esteem, self worth and rose radiance. It helps to remind and reconnect to your inner beauty. It is a wonderful energy to work with in your everyday life, honouring and replenishing your divine feminine energy.

This work is deeply transformative, guiding you into embodied self love, emotional healing, inner Grace, feminine magnetism and a refined heart-led presence.
